Professional Experience EXPERIENCE

VIKAH ECOTECH | FULL STACK WEB DEVELOPER

Sep 2024 - Current | Nagole, Hyderabad

- Developed and maintained web applications using the **MERN stack**, enhancing business capabilities.
- Designed intuitive user interfaces using Figma, focusing on visual aesthetics and user experience.
- Collaborated with teams to create scalable features and improve overall usability.
- Implemented RESTful APIs to ensure efficient data exchange between front-end and back-end.
- Participated in Agile processes, contributing to team collaboration and project success.
- Monitored and debugged **backend services**, ensuring system reliability and performance.
- Maintained and optimized **databases (MongoDB)** to ensure data integrity and performance.
- Deployed projects on **Hostinger**, ensuring smooth production releases and server management.

PROJECTS

Vikah Ecotech – Recycling Machinery Web Platform

- Developed a scalable web platform for Vikah Ecotech, implementing an interactive catalog, enquiry system, and event management module.
- Optimized the UI/UX using Figma and ensured a seamless user experience.
- Deployed the platform on Hostinger Platform, integrating backend services for efficient data handling and performance.

RubberScrapMart – A Marketplace

- Developed a full-stack e-commerce marketplace for buying and selling rubber scrap materials, integrating product listing, order management, and shipment tracking features.
- Integrated automated email notifications for order updates and invoice generation.
- Developed admin and vendor dashboards for efficient product and order management.
- Designed an intuitive UI/UX using Figma for seamless user experience.
- Deployed the platform on Hostinger, ensuring high performance and reliability.

LGIndustry – Manufacturing Industry Web Platform

- Developed a website for Lakshmi Ganapathi Industries, showcasing their rubber crumb and granule products.
- The site ensures smooth navigation, industry compliance details, and easy customer inquiries. It is optimized for performance and responsive across all devices.

About me

Passionate Full-Stack Web Developer with expertise in designing, developing, and deploying scalable web applications. Proficient in front-end and back-end technologies, including React.js, Node.js, Express, and MongoDB. Experienced in building responsive UI/UX, integrating APIs, and optimizing performance for seamless user experiences.

My Skill Set Matrix:

Technical Skills

Proficient:

- HTML • CSS • JavaScript
- SQL • MongoDB • Java • C • Python

DESIGN

UI/UX Design (Figma, Canva, Adobe XD)

FRAMEWORKS & LIBRARIES

- Bootstrap • React js •
- Node.js • Express Js •
- MERN Stack

Tools/Code Quality Tools

 Git

 VS Code

 Hostinger

Career Objective

Eager to expand my skill set and a very enthusiastic learner and quick at adaption.

Education

B.Tech

2020 - 2024

Computer Science and Engineering

IIIT, RK Valley, RGUKT

8.3 CGPA

PUC

2018 - 2020

M.P.C

IIIT, RK Valley, RGUKT

8.66 CGPA

SSC

2018

GVEZPGHS, Dharmavaram

10 GPA

Areas of Expertise

 Python3

 Problem solving

 OOPS
